MORE THAN 50 YEARS OF SERVICE TO AMERICAN BUSINESS

In 1932 a young lawyer fresh from Marquette University decided to publish a book. This was not an ordinary book but a list of people, their families, occupations and other vital information - a city directory. 1932 was hardly the time to begin a new business but people and businesses needed this important information then just as they do now. Ken Erion started Johnson Publishing Company that year and guided its growth on sound business principles and a belief in a quality product designed to service his customers. Now fifty years later, the Johnson Publishing Company and its affiliates are doing just what Ken Erion wanted to do in 1932.

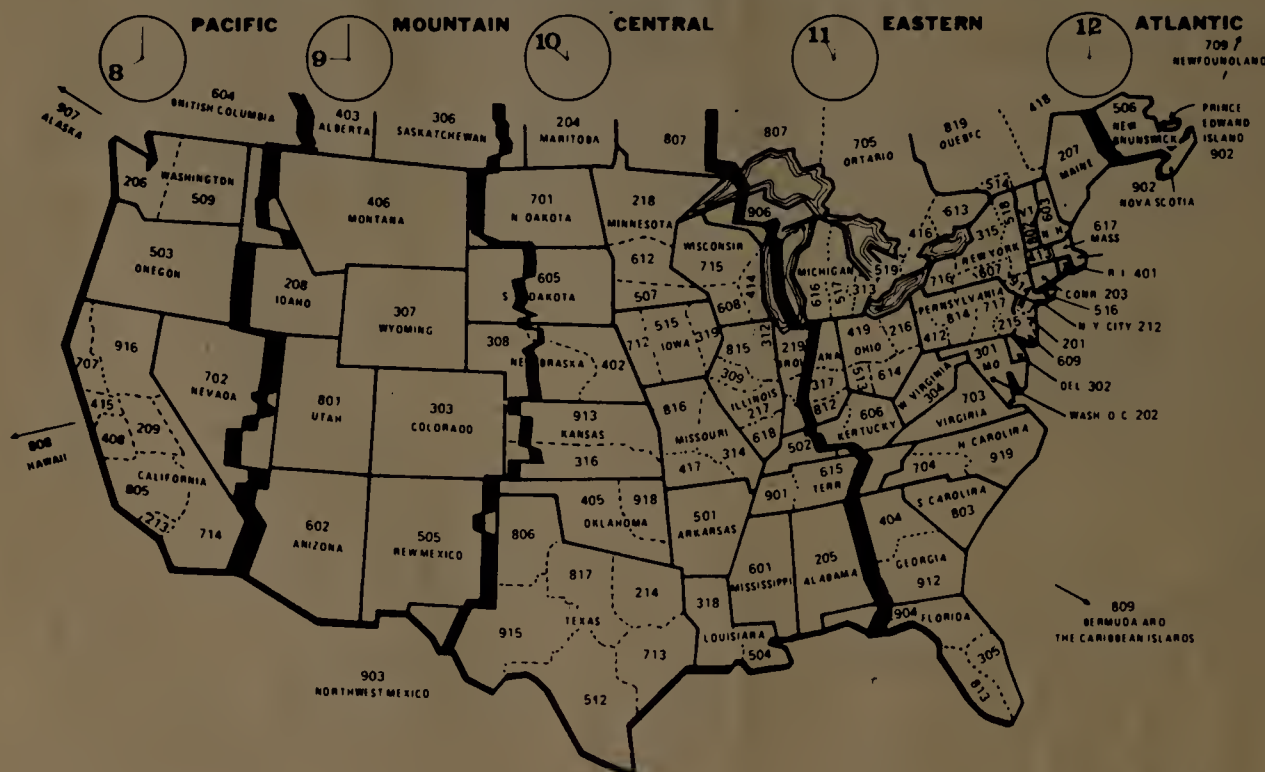

From one small city directory in Wisconsin, the Johnson Publishing Company has grown to serve over 2000 communities with a quality directory product.

New products, enhancements of service and an ever striving commitment to excellence and timely information will continue to place the Johnson Publishing Company in a leadership role during the next fifty years.

UNITED STATES AREA CODE MAP

The JOHNSON PUBLISHING COMPANY, INC., is pleased to present the 1982 edition of the Beverly, Massachusetts City Directory.

It has always been our policy to provide accurate and comprehensive directory service to those communities that desire the "finest". We realize however that some errors and omissions are inevitable and earnestly request that these be brought to our attention. These errors and omissions will be corrected in the next edition of the directory. It is only through the interest of the subscribers and users of the directory that each new edition can surpass the last.

In the public interest the use of this directory for any other purpose than as a reference volume or reproduction of any part of this directory is expressly prohibited without written permission from the publisher.

We are proud of our membership in the association of North American Directory Publishers. The members of this association are constantly striving to improve the products offered to the communities they serve. It is through the association's attitude of mutual sharing that many of the industries' advancements have been made.

History

BEVERLY, MASSACHUSETTS,

"Birthplace of the American Navy."

Early American history is abundant in Beverly, Massachusetts, but few cities blend so well the old and the new. The Beverly of today was included in the territory called "Naumkeag," which was settled in 1626 by Roger Conant and his followers who sailed into Beverly harbor aboard the "Abigail," and set aside the area as a township in 1668. It was incorporated as a city in 1894. The early settlers handed down to its present generation a worthy heritage of tradition and history,

along with a wealth of natural beauty and assets.

In 1968 Beverly celebrated its 300th Anniversary as a town, having been incorporated as a separate township in 1668. The Historic Trail, Yankee Homecoming, Summer Music Theater, and a Lobster Festival each year are tourist attractions.

Situated only 18 miles north of Boston, Beverly is the heart of the North Shore. It has the convenience of the city, the serenity of the country and the charm of a New England sea-faring town.

Excellent transportation and modern highways, with a backdrop of nature's loveliest scenery, make it popular for living, business, industry and recreation.

Covering 15 square miles of area, it has nine miles of coastline, including smooth white sandy beaches, rocky ledges interspersed with seaside estates or neat, well kept homes. Back from the shore are wooded country lanes, with gentle rolling terrain and attractive homes. Approaching by land or by sea, the tall white spires of the churches can be seen nestled among the abundant foliage of the early planters ground.

American pioneers Roger Conant, John Balch and other "planters" built their homes here. One of the homes, the Balch House, built in 1636, is the oldest wooden frame house in the country, and still stands as a record of early days and an attraction for visitors.

The city has many "firsts" of which to be proud. Here the first cotton mill in America was established in 1788, the first Britannia ware was manufactured in 1808, and the first Sunday School in New England was started (1810).

The first ship of the American Navy, the schooner "Hannah," was outfitted, armed, equipped and provisioned at Beverly. Commissioned by General George Washington, it sailed from here on its first cruise on September 5, 1775, and two days later brought in a prize. This important incident in history, recorded in original documents at the Library of

History ...continued

Congress, made Beverly the Birthplace of the American Navy. Many other ships were also commissioned at this important port of revolutionary days, and at one time as many prizes were brought back to Beverly, it was necessary to construct new docks. Sixty vessels were in the harbor at one time - aided greatly the continental forces through clothing, military stores and supplies.

George Cabot in 1798 was honored by President John Adams by being named the first Secretary of the Navy.

History also reveals that baked beans originated in Beverly and later became popular in Boston. Historian Morrison noted "After teaching Boston how to bake beans, that city took credit. After showing Salem how to fish and privateer, the larger port almost absorbed her neighbor."

Beverly was the scene of the Summer White House of President William Howard Taft, and Benjamin Harrison summered here the year after he returned from the Presidency. It has been the home of many distinguished citizens, including Rev. Joseph Willard, D.D. of the First Church in Beverly, President of Harvard College in 1781; Nathan Dane, member of the Continental Congress; birthplace of poetess Lucy Larcom; both Oliver Wendell Holmes, Senior and Junior; former Senator and U.S. Delegate to the United Nations; Henry Cabot Lodge, former Ambassador

William Phillips and many other famous people.

Beverly is a pleasant, residential, diversified community. From fishing, commerce and agriculture of earlier days, it has developed into a prosperous, well-balanced city. From manufacture of shoes, it grew to include the world's largest shoe machinery plant, owned by the United Shoe Machinery Corporation, Beverly's largest employer. In recent years, various types of machine tools, chemicals, metal products and electronic devices have helped expand the city's economy. Highway Route 128, opening new land for industrial use, is attracting further industry and retail trade here.

A cultural and youthful enthusiasm has grown in Beverly in recent years by the location and growth of colleges and schools including Endicott College, Gordon College, Gordon Conwell, North Shore Community College, Landmark School, Shore Country Day School, Brookwood School, North Shore Regional Vocational School, Montserrat School of Art and the North Shore Music Theater.

New homes in all sections, new churches and schools, enlarged hospital facilities and a convenient downtown shopping center have added to the ideal living conditions found in the community. Over 100 clubs and organizations include improvement associations, Beverly Historical

Society, veterans' organizations, fraternal groups, United Fund, and social service agencies.

A progressive city government, an active Chamber of Commerce and a healthy business climate have multiplied natural advantages found here to make Beverly the kind of place people are proud to call their "home town."

Beverly's modern Municipal Airport serves the entire North Shore and other communities in Essex County. Located just off Route 128, it has excellent paved runways, the longest being 5,000 feet; easy access and fine service facilities.

An increase in visitors has supported three fine motels, many excellent restaurants, shops and visitor services.

The Beverly Public Library, established in 1855, is located at 32 Essex Street, with present book collection numbering about 150,000 volumes. The library includes reading and reference rooms, art and genealogy rooms, offices and storage rooms. A branch library is located at 24 Vine Street, Beverly Farms, and a bookmobile visits various locations of the community and schools.

Community information and statistics are a courtesy of the North Shore Chamber of Commerce.

CHAMBER GOALS

The primary purpose of your Chamber is to help business grow, encourage expansion of the free enterprise system, and to promote economic and community development programs that will assist the people of our area. With the help and commitment of the membership, and leadership provided by our Officers and Directors, we will strive to have an important impact on the future of this region.

By working together, we can accomplish many of our objectives and make this area a better place to live and work. Outlined are some priority programs and proposed goals for the Beverly - Danvers Area business and professional community.

* Economic Development - Provide leadership and financial

resources for an improved economic development program to assist existing companies and help new business to locate in the area. See that job training needs are met, so companies may expand here.

* In town Improvements - Work to encourage further revitalization of the Beverly - Danvers central business districts, and provide assistance to all groups interested in in-town improvements. Provide leadership for marketing and promotional programs and development efforts.

* Economic Understanding - Initiate an economic understanding program that will seek to inform and educate students, teachers, employees and the general public on business concerns and how our economy operates.

* Public Affairs - Effectively communicate with elected officials at all levels of government so they will respond positively on issues of importance to business. Alert the business community on critical issues so they may meet with legislatures. Provide management assistance in evaluating governmental services, and recommending saving improvements.

* Educational Programs - Assist area business and professional

people by sponsoring a series of useful seminars. These seminars help people to get timely information needed in their jobs.

* Membership Meetings - Invite top speakers to the Beverly - Danvers Area to address the membership on important and timely issues. Recognize progress being made by area firms and individuals.

* Transportation and Energy Issues - Ensure that the transportation needs of our area are met and that business needs are clearly understood on energy, conservation and environmental issues.

* Tourist and Visitor Development - Assist Beverly - Danvers Area businesses in developing attractive brochures and cooperative advertising campaigns to further promote the region. Work closely with the Essex County Tourist Council and other organizations on the North Shore.

* Membership Development - Membership growth of the Chamber is essential if we are to run an effective Chamber. We will add at least ten new members each month to our membership roster during the year.

ADVERTISING DOES PAY!

Reference Advertising

Advertising — that is perpetual in mediums that have a permanent value.

Advertising — that protects and supplements all other forms of advertising that create desire.

Advertising — that directs the buyer when the need is imperative after the desire has been created.

Advertising — that by its permanence establishes confidence and stability.

Advertising — by which tomorrow's success is built on today's action.

To find diameter of a circle multiply circumference by .31831.

To find circumference of a circle multiply diameter by 3.1416.

To find area of a circle multiply square of diameter by .7854.

To find surface of a ball multiply square of diameter by 3.1416.

To find side of an equal square multiply diameter by .8862.

To find cubic inches in a ball multiply cube of diameter by .5236.

Doubling the diameter of a pipe increases its capacity four times.

Double riveting is from 16 to 20% stronger than single.

One cubic foot of anthracite coal weighs about 58 lbs.

One cubic foot of bituminous coal weighs from 47 to 50 lbs.

One ton of coal is equivalent to two cords of wood for steam purposes.

There are nine square feet of heating surface to each square foot of grate surface.

Each nominal horse power boiler requires 30 to 35 pounds of water per hour.

To sharpen dull files lay them in diluted sulphuric acid until they are eaten deep enough.

A horse power is equivalent to raising 33,000 pounds one foot per minute or 550 pounds one foot per second.

The average consumption of coal for steam boilers is 12 pounds per hour for each sq. foot of grate surface.

To find the pressure in pounds per square inch of a column of water multiply the height of the column in feet by .434.

Steam rising from water at its boiling point (212 degrees) has a pressure equal to the atmosphere (14.7 pounds to the square inch).

Everything You Always Wanted To Know About The Metric System*

*** For Your Everyday Use**

The metric system, based on the decimal system, is easy to learn. You will only need to know ten units. There are, however, other units which most people do not need to know. And those units for electricity and time are the same as we use now.

COMMON PREFIXES:

Milli: one thousandth (0.001)

Centi: one hundredth (0.01)

Kilo: one thousand times (1000)

BASIC UNITS:

Meter: about 1.1 yards

Liter: about 1.06 quarts

Gram: 0.035 ounces

AREA

1 Sq. Ft. - 144 Sq. In. - 929.03 Sq. Cm
1 Sq. In. - 6.4516 Sq. Cm.
1 Sq. Cm. - 155 Sq. In.
1 Sq. Yd. - 9 Sq. Ft. - .82 Sq. M.
1 Sq. Ft. - .092 Sq. M.
1 Sq. M. - 10.8 Sq. Ft.
1 Hectare - approx. 2½ acres

CAPACITY

1 U.S. Fl. Oz. - .2957 Deciliter
1 U.S. Fl. Oz. - .0296 Liter
1 U.S. Liq. Pt. - 4.7316 Deciliter
1 U.S. Liq. Pt. - .4732 Liter
1 U.S. Liq. Qt. - 9.4633 Deciliter
1 U.S. Liq. Qt. - .9463 Liter
1 Cubic Inch - 16.387 Cubic Centimeter
1 Milliliter - .0338 U.S. Fl. Oz.
1 Milliliter - .00211 U.S. Liq. Pt.
1 Deciliter - 3.3815 U.S. Fl. Oz.

It's an admirable goal to shoot for in publishing City directories...

But - with the thousands of subscribers to be listed, changed addresses and new numbers, we hope you understand how an error could occur.

Your name, address and telephone number in this directory likely are correct. But, if by any chance they are not, you'll do us a favor by telephoning or writing our business office.

We'll correct our records promptly so it will appear the way it should in the next issue.

All we can
tell you is that
men who
don't smoke
live about
6 years longer
than men who
do smoke.*

If you want someone
to help you stop smoking
cigarettes, contact your
American Cancer Society.

**AMERICAN
CANCER SOCIETY**

*This fact taken from a research
study is based on the smoker
who at age 25 smokes about
a pack and a half of
cigarettes a day.
